10
                    follows:
11
     CROSS EXAMINATION
12
     BY MR. DOWNEY:
13
                    Commissioner Frenchko, as you know, my name
     Ο.
14
     is Dan Downey. I represent the Board of Commissioners,
15
     Sheriff Monroe and Commissioner Cantalamessa and former
16
     Commissioner Fuda in a lawsuit that you filed.
17
          I'm going to ask you a number of questions today
18
     regarding that lawsuit. If at any point you don't
19
     understand one of my questions, I ask that you advise me
20
     of that so that I can ask the question more clearly;
2.1
     otherwise, for purposes of the record, we will accept
22
     that you understood the question and answered it
23
     accurately. Can we agree to do that today?
2.4
     Α.
                    Yes.
25
     Q.
                    I ask that you permit me to finish my
```

```
high schools, and that's why I didn't understand.
 1
 2
     It's --
                    So typically, Commissioner Frenchko, in
 3
     Q.
 4
     depositions we'll ask people about their educational
 5
     background for background information, so if you could,
 6
     just share with me where you went to school and what
 7
     degrees you obtained so that we can put that down for the
 8
     record.
 9
                    I went to Howland Christian School and
     Α.
10
     Warren G. Harding. I went to Youngstown State
11
     University. Are you only asking --
12
                    MR. BETRAS: Niki, answer the question
13
     about your educational background. Give him every
14
     college you went to and whatever degrees you did or did
15
     not obtain.
16
                    THE WITNESS: I put everything in the --
17
                    MR. BETRAS: Niki, answer his question.
18
                    THE WITNESS:
                                  Okay.
19
                    I went to Youngstown State University and
     Α.
20
     got a degree in social work, and I went to -- I'm
2.1
     sorry -- Kent State University and got a master's
22
     degree --
23
                   Was that in social work as well?
     Q.
24
     Α.
                    -- in public administration.
25
     Q.
                    And when were you first elected to the board
```

```
of the Trumbull County Commissioners?
 2
                    2021 is when I was sworn, when I took
     Α.
 3
     office.
                   And since you've been sworn into office as a
 4
     Ο.
 5
     Trumbull County Commissioner, are you aware of any rules
 6
     in place for the conduct of board members during
 7
     commissioner meetings from when you entered the board to
 8
     the present day?
 9
                    Can you be -- I'm sorry. Can you be more
     Α.
10
     clear?
11
     0.
                    I'm sorry?
12
                    Can you be more -- what are you asking
     Α.
13
     specifically?
14
                    I'm asking you whether there are any rules
     Q.
15
     of conduct in place for members of the board of
16
     commissioners in Trumbull County during the time that
17
     you've been on the board from your entrance to the present
18
     day.
19
                    MR. BETRAS: Objection. Go ahead and
20
     answer, Niki.
2.1
                    We adopt Robert's Rules annually, but
22
     they're not followed. They never have been. I try.
23
                    So just so that I'm clear, Commissioner
     Q.
24
     Frenchko, is it your testimony that the Robert's Rules
25
     have been in place since you've joined the board, but you
```

```
1
     take issue with whether those rules are actually followed?
 2
                    Yes.
     Α.
 3
     Q.
                    And would you explain to me what your
     understanding of the Robert's Rules are?
 4
 5
                    A parliamentary guideline for running
     Α.
 6
     meetings. I -- I mean, it defines the rules of speaking
 7
     and conducting meetings.
 8
     Ο.
                    And during the July 7th, 2022,
 9
     commissioner's meeting that is a part of your lawsuit, do
10
     you believe that you complied with the Robert's Rules
11
     during your conduct that day?
12
                    MR. BETRAS: Objection. Go ahead and
13
     answer, Niki.
14
                    There was an order of the day that we were
     Α.
15
     supposed to go by based on the agenda, and since they
16
     were trying to read something out of order, I do believe
17
     that I was complying as it related to trying to get the
18
     meeting back on track according to the order of the day.
19
                    Who determines, for purposes of the board,
     Q.
20
     whether or not the meeting is proceeding appropriately
2.1
     under the Robert's Rules?
22
                    MR. BETRAS: Objection. Go ahead and
23
     answer, Niki.
24
     Α.
                    It depends --
25
                    MR. DOWNEY: You can have a continuing
```

```
objection to any Robert's Rules questions if Mr. Betras
 1
 2
     would like.
 3
                    MR. BETRAS: Yes. Show a continuing
 4
     objection.
                 You're asking her to interpret Robert's
 5
     Rules of Order. I'm not so sure she's able to do that,
 6
     but go ahead, Niki, answer his question.
 7
                    I'm sorry. Can you repeat the question?
     Α.
                    MR. DOWNEY: Jodie, can you read it back?
 8
 9
                 (The record was read as requested.)
10
     Α.
                    That would depend on the juncture of the
11
     meeting if it's in the motion that was being made.
12
     Sometimes it's the board and sometimes it's -- sometimes
13
     it's the body and sometimes it's the president.
14
                    And specifically during the meeting the
     Q.
15
     clerk, Ms. Vivoda-Klotz, was reading a letter into the
16
     record; is that correct?
17
     Α.
                    When she --
18
                    MR. BETRAS: The question is, was Paula
19
     Klotz reading a letter into the record. That was the
20
     question he asked you.
2.1
                    MR. DOWNEY: On July 7th, 2022.
22
                    Yes, she was.
     Α.
23
                    Okay. And do you believe it to be
     Q.
24
     appropriate to disrupt her ability to read that letter
25
     uninterrupted?
```

```
1
                    MR. BETRAS: Objection. Go ahead and
 2
     answer, Niki.
 3
     Α.
                    Absolutely.
 4
                    And why do you believe it was appropriate to
     Ο.
 5
     interrupt Ms. Vivoda-Klotz as she attempted to read the
 6
     letter from Sheriff Monroe?
 7
                    MR. BETRAS: Objection. Go ahead and
 8
     answer, Niki.
 9
                    We were in -- we were still going in order
     Α.
10
     of the day for the agenda, and we still had other things
11
     on the agenda, and the rest of the board did not agree
12
     to go out of order, and that's what would have had to
13
     happen if they were going to change things around from
14
     the agenda's order. We still had an executive session.
15
                    So did you attempt to coordinate with the
     Q.
16
     other board members prior to interrupting Ms. Vivoda-Klotz
17
     from reading the letter from Sheriff Monroe?
18
     Α.
                    Yeah.
19
                    MR. BETRAS: Objection as to form.
                                                         Niki,
20
     wait. Objection as to form. Go ahead and answer, Niki.
2.1
     Α.
                    I attempted to remind them by saying that
22
     we were out of order and that wasn't on the agenda.
23
     That was my effort to make that motion, so yes.
24
     Q.
                    And so was your motion overruled?
25
     Α.
                    No.
                         The motion that I made should not
```

```
1
     have been overruled by the president. It should have
 2
     been decided by the board.
 3
     Q.
                    So but my question was, were you overruled?
 4
     Α.
                    No.
 5
                    Not what should have happened.
     Q.
 6
                    No, because my duty when it comes to that
     Α.
 7
     type of a motion would be to get the board back on track
 8
     and to, in fact, interrupt.
 9
                    Why did you believe it made more sense to
     0.
10
     interrupt the clerk for reading the letter than just
11
     letting her read the letter and moving on?
12
                    It was not on the agenda to do so.
13
     out of order, and I had been trying since I've been
14
     there to get proper training for the board on the rules,
15
     and I was trying to get us back on track.
16
                    Do you believe it is appropriate to violate
17
     one rule in order to enforce another during the course of
18
     a board meeting?
19
                    MR. BETRAS: Objection. Go ahead, Niki.
20
     Α.
                    I don't believe I was violating a rule.
2.1
     Q.
                    But that's not my question, Commissioner
22
     Frenchko. Would it be appropriate to violate a rule if
23
     you felt that rule was more important than another one?
24
                    MR. BETRAS: Objection. Calls for
25
     speculation.
                   Go ahead and answer, Niki.
```

```
I don't understand your question because
 1
     Α.
 2
     it's a hypothetical. I really am confused. I'm sorry.
                    Well, I'll try to say it in a way that's
 3
     Q.
     more articulate, if I'm able to do that. So it's your
 4
 5
     testimony that you felt that it was a violation of board
 6
     rules for Ms. Vivoda-Klotz to read that letter at the time
 7
     that she was doing so; is that correct?
 8
     Α.
                    Yes.
 9
                    Okav. Would it also be a violation of the
     0.
10
     rule for a commissioner to interrupt the reading of that
11
     letter if the board president did not approve that
     disruption?
12
13
     Α.
                    No.
14
                    Why?
     Q.
15
                    As I --
     Α.
16
                    MR. BETRAS: Objection. Go ahead and
17
     answer, Niki.
18
                    As I explained, it was order of the day,
     Α.
19
     and it's not up to the president in that situation to
20
     overrule. It's up to the board, and so the board was
2.1
     the body that needed to make that decision, not -- it
22
     can't be overruled.
                    Do you believe it's appropriate to interrupt
23
     Q.
24
     other folks when they're speaking at board meetings?
25
                    MR. BETRAS: Objection. Go ahead and
```

```
1
     answer, Niki.
 2
                    At times.
                               It depends.
     Α.
 3
     Q.
                    Do you believe it was appropriate to
     interrupt Ms. Vivoda-Klotz while she was reading the
 4
 5
     letter?
 6
                    Absolutely.
     Α.
 7
                    MR. BETRAS: Objection. Go ahead and --
 8
     Niki, just give me a second. Objection. Go ahead and
 9
     answer.
10
     Α.
                    Yes.
11
                    And did you have any issue with the content
     0.
     of Ms. Vivoda-Klotz's letter?
12
13
     Α.
                    Yes.
14
                    What was your problem with the content of
     Q.
     the Vivoda-Klotz letter that was with Sheriff Monroe, just
15
16
     so the record is clear?
17
     Α.
                    Well, the letter -- the letter was not to
18
     be read during the meeting. The letter -- I had an
19
     issue with the letter and its content. Letters are not
20
     ever read during the agenda. If anyone reads a letter,
2.1
     a letter is read at the end by the individual who brings
22
     it in public comments. It is never customary to insert
23
     a letter into the middle of the agenda for reading.
24
     There's no -- there's no area on our agenda for
25
     communication, and most certainly there was not in
```

```
between that agenda item and the executive session to
 2
     just insert something.
 3
     Q.
                    So just so that I understand, are there ever
     times when the board of commissioners in Trumbull County
 4
 5
     addresses issues or permits comments on matters that
 6
     aren't on the agenda for any meeting?
 7
                    MR. BETRAS: Objection. Go ahead and
 8
     answer, Niki.
 9
                    I'm sorry. What was that again? Are
     Α.
10
     there times that --
11
                    That you address issues in the course of the
     0.
12
     meeting that aren't on the agenda?
13
     Α.
                    Yes.
14
                    How often does that happen?
     Q.
15
                    I don't know.
     Α.
16
                    Have you ever addressed an issue in the
     Ο.
17
     context of a Trumbull County Board of Commissioner's
18
     meeting that wasn't on the agenda?
19
                    Yes, but not after an order of the day is
     Α.
20
     called.
                    Tell me what an order of the day is so that
2.1
     0.
22
     I can understand it.
23
                    I've already explained that. It's just
     Α.
24
     going out of order from the agenda and trying to get the
25
     board back on track.
```

```
And just so I'm clear, there are times that
 1
     Q.
 2
     issues are addressed that aren't on the agenda during the
 3
     course of a board meeting; is that right?
                    Commissioner issues. We don't have other
 4
     Α.
 5
     elected officials come in and have the clerk, who's not
 6
     even our -- their employee read things.
                                               That's not
 7
                 That's never happened, to the best of my
     customary.
 8
     recollection. I mean, other elected officials read
 9
     things themselves or send representatives to read things
10
     at the end of the meeting, but not in the middle of the
11
     meeting have we had people just come in and not be on
12
     the agenda.
13
                    As you sit here today, do you know whether
     Ο.
     Sheriff Monroe asked for the letter to be read in the
14
15
     meeting?
16
                    MR. BETRAS: Objection. Go ahead and
17
     answer, Niki.
18
                    I believe that he did.
     Α.
19
     Q.
                    Why do you believe that?
20
     Α.
                    Because there was a lot of bad publicity
2.1
     for the sheriff and -- related to how he was running the
22
     jail and inmate care and the jail contract, and he was
23
     embarrassed by what I had done, and I know that there
24
     were discussions with him and the other commissioners.
25
     And that there was discussion in our office about the

revised code that was used in order to try to -- in
order to arrest me, and I believe that there was
instruction by Paul Monroe, and there was a letter --
or, I'm sorry, the statute of the revised code that was

was put together for the purpose of arresting me and
that there was communication and that it was set up.

they were there, and it was surprising. Road deputies,
people --
              MR. BETRAS: Niki, I want you to listen to
what he's asking and answer his question.
              THE WITNESS:
                            Okay.
              MR. DOWNEY:
                           Thank you, Mr. Betras.
Q.
              I did not wish to interrupt you,
Commissioner Frenchko, and I know that you were speaking
and sort of moved on to some other stuff, and I'm going to
go back to where we started with the question, and the way
I'm going to ask it is as follows: Do you yourself have
any evidence that Sheriff Monroe asked to have that letter
read at the July 7th, 2022, meeting?
Α.
              I don't know. We're reviewing discovery,
and -- I can say I don't know.
```

1 Just so that I understand -- I Q. Okav. 2 appreciate that response. Now, do you yourself have any 3 personal information, personal evidence that you observed 4 to suggest that Sheriff Monroe played any role in your 5 arrest on July 7th, 2022? 6 Α. Yes. 7 And what is that evidence? Q. 8 The communications among staff and the Α. 9 deputies and the sheriff and all of the people who were 10 contacted, and the discussion that was taking place 11 among all the parties associated with the arrest, and the destruction of all of the evidence and text 12 13 messages, and when the sheriff turned his phone in to 14 further hide the communications. 15 And so just so that I understand, Q. 16 Commissioner Frenchko, and I appreciate you providing us a 17 number of topics in your response, have you personally 18 observed any piece of evidence that Sheriff Monroe ordered 19 your arrest on July 7th, 2022? 20 Α. Yes. 2.1 What piece of evidence have you observed? Q. 22 Phone records. Α. 23 Which phone records? Q. 24 His phone records, the deputies' phone Α. 25 records, all of the discovery records that I looked at

```
1
     and worked with my legal counsel on.
 2
                    And I appreciate your response, Commissioner
     Q.
 3
     Frenchko; however, I've got to follow up, because I've
 4
     looked at the same documents, okay, and what I want to
 5
     understand is, can you point me to any specific piece of
 6
     evidence, whether it be an email, a voicemail message
 7
     that's been typed up, testimony or information from any
 8
     other witness to suggest that Sheriff Monroe contacted
 9
     those officers or was somehow involved in your arrest on
10
     July 7, 2022?
11
                    I don't remember the specifics.
12
     sorry.
13
                   And if I represented to you, Commissioner
     Ο.
14
     Frenchko -- probably over the objection of your counsel --
15
     but if I represented to you that there's no evidence in
16
     the case that I've observed, whether it be a written
17
     record or anticipated testimony from anyone else that
18
     Sheriff Monroe played no role in your arrest on
19
     July 7th, 2022, would you have any reason to disagree with
20
     that statement?
2.1
     Α.
                    I'm sorry. Can you repeat the statement?
                   MR. DOWNEY: Ms. Algarin, can you read
22
23
     that back?
24
                 (The record was read as requested.)
25
                   MR. BETRAS: Note my objection. Go ahead

and answer, Niki.
 1
 2
                    Yeah, I disagree with that statement.
 3
     disagree with what was just -- what he said, that he had
     no involvement.
 4
 5
                   Why? Why do you disagree with that
     Q.
 6
     statement?
 7
                    He has been -- the -- the entire -- the
     Α.
 8
     people there, the group, the other commissioners, all
 9
     the democrats who are in office have been working
10
     together to -- against me. We had another case before.
11
     The sheriff has -- had sent people threatening to file
                             They're -- it's very political,
12
     something against me.
13
     and even when Klotz filed what she filed against me at
14
     that point in time, the sheriff had his employee passing
15
     notes, and I preserved the records and got copies of the
16
     sheriff's deputies over in the commissioner's office
17
     helping the staff.
18
          It's -- what the county's done -- they work during
19
     the business day -- employees are working during the
20
     business day on actions, whether it be lawsuits or
2.1
     grievances or schemes against me for the last, you
22
     know -- since about six months into my term. They --
23
     everything that has happened -- and he was very angry
24
     about me disclosing the information that was going on in
25
     the jail with the inmates.

I've been critical of him -- his inability to do the budget. I -- he told me that he made an agreement -- a handshake agreement related to Trumbull County Fair property, and I said, you know, in government and real estate there's no such thing as a handshake agreement. I believe the sheriff, along with the other men there, you know, Mauro and Frank, have been extremely embarrassed by me exposing how they've been doing business over the last -- over their terms in a very inept and corrupted way by passing contracts off to people. He's very angry over the jail contract expose say that they were having a county employee, Matt Blair, was also putting on the hat as the attorney for the vendor who was the jail doctor and then preparing the contract that the board of commissioners was supposed to sign. I'm the only person who said anything about it. They're absolutely embarrassed by my exposure -- exposing all of those things, yeah. So if I may, Commissioner Frenchko, and I 0. appreciate you gave me a pretty long answer to that question, and I want to make sure that I fully understand what you just told me. Initially I think you started out with stating that a lot of the political leaders in Trumbull County are at odds over various policy issues; is

```
that correct?
 1
 2
                    I don't really think that that's what I
     Α.
 3
     said.
                    I'm attempting to paraphrase. Would it be
 4
     Ο.
 5
     more accurate to state that some of the political leaders
 6
     in Trumbull County simply have differences of opinion with
 7
     you regarding government and how it should be operated?
 8
                    It's not differences of -- I wouldn't say
     Α.
 9
     it's differences of opinion. They want to hide and
10
     conceal the way they've been doing things in a very
11
     poor, illegal fashion for decades, and I'm bringing
12
     those things to light.
13
                   Okay. And so I'm going to circle back, and
     Ο.
14
     I understand your testimony. I appreciate it,
15
     Commissioner Frenchko, but I'm going to circle back to
16
     whether you have any specific evidence with respect to
17
     Sheriff Monroe's role in your arrest. I understand your
18
     testimony that you believe that you were uncovering
19
     information regarding the conduct of government that is
20
     improper, and I believe you used words like illegal in
2.1
     your testimony.
22
          Setting that aside, do you have any evidence,
23
     evidence that Sheriff Monroe played a role in your
24
     arrest on that date, setting aside if there are
25
     political controversies that may be in place among the
```

```
members of the board or sheriff or other political
 1
 2
     leaders of Trumbull County?
 3
     Α.
                    I believe I already answered that, and the
 4
     answer was yes.
 5
                    And I'm going to ask it one more time,
     Q.
 6
     because I'm not sure I've heard the answer to this
 7
     question, Commissioner. It's not because I'm attempting
 8
     to offend you, but what actual evidence do you have?
 9
                    Records -- the phone -- to the best of my
     Α.
10
     recollection, and not saying that this is an exhaustive
11
     list, but it would be phone records and their conduct to
12
     hide everything, and their efforts to suppress --
13
     suppress exculpatory evidence, and that's not something
14
     that innocent people do.
15
                    And I'm sorry, Commissioner Frenchko, but I
     Q.
16
     didn't understand suppress exculpatory evidence. Can you
17
     please tell me what you mean by that statement?
18
     Α.
                    When we made the discovery request and all
19
     of those things were deleted and destroyed.
20
     Q.
                    What are all of those things?
2.1
                    You could -- I don't remember all of them,
22
     but they were mostly phone records and videos and things
23
     that were all destroyed -- given knowledge and
24
     understanding by elected officials, not just that --
25
     during a legal proceeding that it's required to maintain
```

```
those with -- because of litigation, but because we have
 1
 2
     records retention policies and -- record retention
     schedules, and because we are all trained and versed in
 3
 4
     Sunshine, and we recognize that everything that
 5
     documents the activities of the office need to be
 6
     preserved, and having people destroy all of those things
 7
     is suggestive, in my opinion, that they were trying to
 8
     hide something. They didn't want to be revealed.
 9
                    What specific videos are you referring to?
     0.
10
     Α.
                    I don't remember all of the videos
11
     requested. I do believe that I requested videos in my
12
     building for the week or two leading up to my arrest.
13
     believe that there was also video in the jail and the
14
     administrative offices of the sheriff. Those would be
15
     the videos.
16
                    Commissioner Frenchko, I believe you read a
17
     letter into the record at an earlier meeting from the
18
     mother of an inmate that ultimately led to the letter that
19
     was sent from Sheriff Monroe; is that correct?
20
     Α.
                    That I read an email?
2.1
     Q.
                    Yeah. You read correspondence into the
22
     record at a commissioner's meeting.
23
     Α.
                    Yes.
24
                   And did you do anything to verify the
     Q.
25
     accuracy of what you read into the record at that
```

```
commissioner's meeting regarding the claims made by the
 1
 2
     inmate's mother?
 3
                   MR. BETRAS: Objection. Go ahead and
 4
     answer.
 5
                   Actually, I spoke to the jail where the
     Α.
 6
     person was transferred. I did talk to -- I did do
 7
     additional research, and that's when I found that there
 8
     were dozens of problems going on there, so me bringing
 9
     that public, which, by the way, I didn't read that until
10
     we got to the comment section where we discussed things
11
     for the good of the order. I didn't read that and
12
     insert that into the meeting in any way, but I became
13
     aware of a lot of problems that were going on over
     there. And I did do additional -- I talked to the
14
              I talked to the mother, and she explained
15
16
     everything, so it wasn't just a correspondence that I
17
     read.
18
                   And I want to make sure I understand fully
     Q.
19
     everything that you did. I understand that you talked to
20
     the mother and that you read it into the record at a
2.1
     different point in time in the meeting than what occurred
22
     on July 7th, 2022. My question is, what did you yourself
23
     do to satisfy yourself that the content of that
24
     correspondence was accurate prior to reading it?
25
     Α.
                    What did I do to -- I don't know.
                                                       I mean,
```

```
1
     I spoke to the mother who I had known for over a decade,
 2
     so --
 3
     Q.
                   And is it fair to say that you trusted her
 4
     opinion when you read the letter?
 5
                   MR. BETRAS: Objection. Go ahead and
 6
     answer.
 7
                    I spoke to her. I know that she's an
     Α.
 8
     honest person, and it wouldn't -- in my opinion, it
 9
     wouldn't matter -- there are concerns that the public
10
     should be aware of them. It's my opinion that the
11
     public should be made aware of concerns.
12
                    And as you sit here today, do you believe
     Q.
13
     that it would be appropriate to raise the concerns raised
14
     in that letter in a commissioner's meeting without
     verifying the accuracy of the allegations made in the
15
16
     letter?
17
                   MR. BETRAS: Objection. Go ahead and
18
     answer, Niki.
19
                    Yes, I believe that we should be able
     Α.
20
     to -- we are to raise issues that are concerns, and
2.1
     everyone argues whether or not things are accurate, but
22
     that's why we get elected, to give our opinion and to
23
     give a level of transparency and to be the voice of
24
     people who might not otherwise be heard. And I believe
25
     it's important to share concerns from constituents.
```

```
1
                    Would you at all be concerned about lending
     Q.
 2
     your credibility to those allegations without knowing
 3
     whether they were true or not?
                    MR. BETRAS: Objection. Go ahead and
 4
 5
     answer, Niki.
 6
                    The letter itself was dishonest.
     Α.
 7
     a snippet of something without the entire -- there was a
 8
     whole story about that letter and phone records pulled
 9
     to discredit what that sheriff actually had in the
10
     letter, so I -- I'm sorry. What was the question?
11
                    MR. DOWNEY: Ms. Algarin, would you mind
12
     reading it back for me?
13
                 (The record was read as requested.)
14
     Α.
                    They're allegations, so I --
15
                    MR. BETRAS: Once again, renewing my
16
     objection. Go ahead and answer, Niki.
17
     Α.
                    I don't have a problem sharing people's
18
     concerns or allegations against the county publicly.
19
     Q.
                    Do you have any concern or how do you vet
20
     what you ultimately will read into the record at a
2.1
     commissioner's meeting?
22
                    MR. BETRAS: Objection. Go ahead and
23
     answer, Niki.
                    My statement was based on information that
24
     Α.
25
     was found to be accurate, and his statement, the
```

```
1
     sheriff's statement, was found to be dishonest where
 2
     they took snippets of comments and then tried to
 3
     misrepresent it, and that was discovered and put on a
 4
     news story. So we all say -- we have the ability to say
 5
     what we want to say, and I say what I want to say.
 6
                    And my question would be, do you regret
     0.
 7
     interrupting the clerk from reading the letter forwarded
 8
     by Sheriff Monroe on July 7th, 2022?
 9
                   MR. BETRAS: Objection. Go ahead and
10
     answer, Niki.
11
                   No.
     Α.
12
                   Why not?
     Q.
13
                   Because it wasn't appropriate to be read
14
     at that point in time in the meeting. It didn't follow
15
     the order of that particular day, and it was just --
16
     it's not what should be done. If the sheriff -- in
17
     addition to going against the order, it should have been
18
     read by the sheriff's representative at the end of the
19
     meeting. That's what customarily happens. Anything
20
     else that's for the good of the order after the agenda
2.1
     is read by a representative of the particular elected
22
     official's office. County engineer has something that
23
     he thinks is important, then he sends a representative
24
     and they read that. That's what normally happens.
25
     That's how our businesses are run, or, I'm sorry, that's
```

```
1
     how meetings are run.
 2
                    Is that a rule or a custom, according to
     Q.
 3
     your interpretation, Commissioner?
                    MR. BETRAS: I didn't understand your
 4
 5
     question.
               What did you say?
 6
                    MR. DOWNEY: I'm following up on what
 7
     Commissioner Frenchko just alluded to, and I want to
 8
     know whether or not her position on the reading of that
 9
     letter is a rule or a custom with the board.
10
     Α.
                    What's a rule?
11
                    And so is there a rule that for a document
     0.
12
     to be read into the record from an agency affiliated with
13
     Trumbull County that a representative of that agency
     should read it into the record at the end of a
14
15
     commissioner's meeting?
16
                    No. It's a Robert's Rule and it has to do
17
     with the order, so that's why I said that.
18
                    Okay. And just so that I understand, it has
     Q.
19
     to do with the order, but not with respect to who would
20
     actually read the document; is that correct?
2.1
                    I don't -- I'm sorry. I'm having a hard
     Α.
22
     time understanding what you're asking.
23
                    Okay. I'll try to break it down.
                                                      I think
     Q.
24
     you testified that if a letter from the sheriff's office
25
     was going to be read into the record, it should be read
```

```
into the record by a person from that office; is that
 2
     correct?
 3
                    I believe that.
     Α.
                    Okay. And I think you testified that that
 4
     Ο.
 5
     would be the case with respect to if any agency affiliated
 6
     with Trumbull County wanted to read something into the
 7
     record at a commissioner's meeting, a representative of
 8
     that agency should be the one to do it?
 9
                    That's correct. They do that at the end
     Α.
10
     of the meeting.
                       They don't ever interrupt the middle of
11
     the meeting at any point to read letters into the record
     or anything like that.
12
13
                    And what I would like to understand,
     Ο.
14
     Commissioner Frenchko, is whether or not this -- where you
15
     read the documents into the record by the agency, whether
16
     or not that is a rule in place with the Trumbull County
17
     Commissioners, because obviously at this day no one from
18
     the sheriff's office read it into the record.
19
                    It violated the Rules of Order to have it
     Α.
20
     read in the middle of our meeting, period.
2.1
                    So I'm asking a different question, and it's
     Q.
22
     probably a more general one. Is there a rule in place
23
     with respect to a member of an agency reading a letter
24
     into the record --
25
     Α.
                    No.
```

```
1
                    -- from an agency?
     Q.
 2
     Α.
                    No, not to my knowledge.
 3
                           Why did you get out of your seat?
     Q.
                    Okay.
 4
                    Wait.
                           I'm sorry.
     Α.
 5
                    Go ahead.
     Q.
 6
                    We have segregation of duties.
     Α.
 7
     something that's a big sticking point with me.
                                                       So if
 8
     you have an employee and you're -- say you're a sheriff
 9
     employee and I'm a -- and then there's a commissioner
10
     employee and then there's a highway engineer employee,
11
     you can't have another employee perform work for another
12
     employee or that's a segregation of duties thing.
13
     a person -- I really believe that it would violate a
14
     rule -- more of an audit rule, state audit finding, to
15
     have another individual perform something that they
16
     would -- that they have to have their employee do.
17
          Like our secretary or our clerk should not be doing
18
     something that a representative for another body does or
19
     it's a segregation of duties finding according -- it
20
     could be if it was reported to the state auditor.
2.1
     That's been a finding that we've had before, so I'm very
22
     particular about making sure that, you know, the
23
     auditor's doing the auditor's work; the commissioner's
24
     office is doing our work, and so on and so forth.
25
     they should not have had anyone else read something.
                                                             Ιf
```

```
they wanted that presented, they should have actually
 1
 2
     had their employee read it.
 3
     Q.
                    And are you basing your answer on your
     belief that the sheriff asked for this letter to be read
 4
 5
     in the meeting?
 6
     Α.
 7
                    And if a board member asked Ms. Vivoda-Klotz
     Q.
 8
     to read the letter into the record, would that be
 9
     acceptable under your theory?
10
     Α.
                    I don't believe so, because it's still --
11
     it's still having someone -- the only way I believe it
12
     would be acceptable is if it was placed on the agenda as
13
     correspondence or something to that effect, but I don't
14
     believe that it is appropriate to have our clerk do
15
     something for another elected official or read
16
     correspondence that's not on the agenda, because it's
17
     not -- we were in the middle of our meeting.
18
     had items left.
19
     Q.
                    How long did it take Vivoda-Klotz to read
20
     Sheriff Monroe's letter?
2.1
                    I don't remember.
     Α.
22
                    Do you recall whether it was under two
     0.
23
     minutes?
24
     Α.
                    I don't -- I don't know.
25
                    MR. BETRAS: Her answer was she doesn't
```

```
1
     remember.
 2
                   MR. DOWNEY:
                                I'm asking her a follow-up,
 3
            It's okay. If she doesn't know --
     David.
 4
                   MR. BETRAS: I mean, don't remember, now
 5
     you're going to ask her to guess. She said she doesn't
 6
     remember.
 7
                   MR. DOWNEY: David, you know it's
 8
     inappropriate to interrupt a deposition with statements
 9
     like that. Objection --
10
                   MR. BETRAS: It's not inappropriate for
11
     me --
12
                   MR. DOWNEY: Yes, it is.
13
                   MR. BETRAS: -- to -- no, it's not.
14
                   MR. DOWNEY:
                                It is.
15
                   MR. BETRAS: You asked the witness --
16
                   MR. DOWNEY: I asked a follow-up question.
17
                   MR. BETRAS: She said I don't remember,
18
     and now you're asking her to speculate. Her answer was
19
     I don't remember.
20
                   MR. DOWNEY: So you can lodge your
2.1
     objection, but you don't get to do a soliloguy, because
22
     that's the way the federal rules work. Object to form
23
     is appropriate, and I think I'm working quite well to
24
     gather information from your client, and I would
25
     appreciate it if you wouldn't interrupt in the manner
```

```
that you're choosing.
 2
                    MR. BETRAS: All right. Note an
 3
     objection. Go ahead, Niki.
 4
                    What was question again?
     Α.
 5
                    MR. DOWNEY: Go ahead and read it back.
                 (The record was read as requested.)
 6
 7
                    Not -- no.
     Α.
 8
     0.
                    Have you seen a video of the events that
 9
     occurred that day on July 7th, 2022?
10
     Α.
                    Yes.
11
                    And, Commissioner Frenchko, why did you
     0.
12
     stand up and go out in front of Ms. Vivoda-Klotz that day?
13
                    I record the meetings, and I turned my
     Α.
14
     camera to face the clerk, and Commissioner Fuda violated
15
     and interfered with my ability to record by holding
16
     something in the way, and so that actually violates open
17
     meetings law, and so I went to the front in order to
18
     video.
19
     Q.
                    Now, how close did you get to
20
     Ms. Vivoda-Klotz?
2.1
     Α.
                    When?
22
                    When you were recording her.
     Q.
23
                    I was sitting in the -- where the public
     Α.
     sits.
24
25
     Q.
                    And did you stand up at all?
```

```
1
                    Just to walk to the front and then to walk
     Α.
 2
     back to my seat.
 3
     Q.
                    Do you believe that your behavior was
     appropriate that day?
 4
 5
                    Yes.
     Α.
 6
                    MR. BETRAS: Objection. Go ahead and
 7
     answer.
 8
                    Yes.
     Α.
 9
                    And if you would, did you request the
     0.
10
     deputies be present for commissioner's meetings in advance
11
     of July 7th, 2022?
12
                    I don't -- I don't remember asking --
     Α.
13
     there was a point in time where they stopped them from
14
     coming because of the conduct of a deputy that was
15
     ultimately fired or left or something or disciplined,
16
     and then there was a gap, maybe a year or close to a
17
     year where no one was coming. I don't recall asking --
18
     probably at the time I thought it was odd that they --
19
          I can't speculate. I don't remember. I just
20
     remember that there was a period of time where we had
2.1
     someone there and then they stopped people from coming,
22
     the deputies, for nine months, ten months, almost a
23
     year, something like that, and then all of a sudden when
24
     they were going to arrest me, they turned up again.
25
     Q.
                    So would it be fair to say that you don't
```

specifically recall if you asked to have the deputies 1 2 brought back to the meetings after there was a period 3 where they weren't present? 4 No, I don't remember exactly or -- I don't Α. 5 remember. 6 Did you utter any words while the clerk, 0. 7 Vivoda-Klotz, was attempting to read Sheriff Monroe's 8 letter into the record on July 7th, 2022? 9 Yes, and it wasn't appropriate to be doing Α. 10 any reading at that point at the meeting. 11 And how often did you interject during the 0. 12 course that Ms. Vivoda-Klotz was reading that letter? 13 I don't know, but she has a statutorily Α. 14 defined duty, and her job is defined by statute, and 15 none of it includes reading letters into the record. 16 It's very specific. It's like calling the roll and 17 things, but I don't remember how many times. Was that 18 the question? 19 Q. Well, do you believe that -- what statute 20 are you referring to? 2.1 It's the -- it defines the Not sure. 22 duties of the clerk of the board of commissioners. 23 Did you utter words to the effect that the Q. 24 clerk was not salutatorily able to read that letter? 25 I uttered words about it not being on the Α.

```
1
     agenda, going out of order. I believe something to that
 2
     effect.
 3
                    Did you yourself receive that letter in
     Q.
     advance of the meeting on July 7th, 2022?
 4
 5
     Α.
                    Yeah. He sent it to us. I believe that
 6
     they -- I believe that the -- to the best of my
 7
     recollection, and please don't hold me to it, that he
 8
     sent that email before, but I didn't give him the
 9
     apology he wanted.
10
     Q.
                    Why not?
11
                    Because it's a free country and you don't
12
     have to be forced to apologize to anyone, and you
13
     certainly shouldn't be arrested if you don't.
14
                    Well, my question was with respect to the
     Q.
15
     apology.
16
     Α.
                    Yeah.
17
     Q.
                    Have you satisfied yourself that the content
18
     of the sheriff's letter was accurate?
19
                    The content of his letter said that I need
     Α.
20
     to go by his policies, and I don't. I'm not his
2.1
     employee, and he suggested that I need to go by what --
22
     again, these guys have a problem with not just me,
23
     but -- I don't want to -- I'm not going to say anything
24
     else.
25
     Q.
                    Well, and I understand that you've indicated
```

```
1
     your understanding of the letter is something that you
 2
     disagreed with in the letter. Specifically, do you have
 3
     any reason to disagree with the content of the letter as
 4
     it involved the sheriff's investigation of what occurred
 5
     with respect to that specific --
 6
                    You know what, do you have a copy of it?
 7
     If you want me to answer questions about it, I'd be
 8
     happy to answer questions about it if I could read it,
 9
     because I don't want to really speculate.
10
     Q.
                    Absolutely. Yeah. We'll put it on the
11
     screen, Commissioner.
12
     Α.
                    Okay.
13
                    MR. DOWNEY: Off the record for just a
14
     second while we figure this out.
15
                          (Off the record.)
16
                    Commissioner Frenchko, have you had an
     Ο.
17
     opportunity to read the document which will be marked as
18
     Defendant's Exhibit A in the deposition?
19
     Α.
                    Yeah, yes.
20
         (Whereupon Defendant's Exhibit A was marked.)
2.1
     Q.
                    Is there anything in this document that you
22
     believe to be inaccurate?
23
                    You mean his representations or the
     Α.
     document itself?
24
25
     Q.
                    Anything in the document that you take issue
```

```
with.
 1
 2
     Α.
                    Yes. You want to go through it line by
 3
     line?
 4
                    If you take issue with the entire document,
     Ο.
 5
     that probably makes it easier for us, but if there's
 6
     anything specific that stands out to you, I would like to
 7
     know what --
 8
                    Okay. Let's start in the first paragraph.
     Α.
 9
     We can go paragraph by paragraph, if you like.
10
     Q.
                    Go ahead. Let's start with the first
11
     paragraph.
12
                    Okay. The presentation prior to
     Α.
13
     initiating an investigation. Oh, my God. Yeah.
14
     There's that.
15
                    So the record is clear, Commissioner
     Q.
16
     Frenchko, you take issue with the sentence, such a public
17
     presentation prior to initiating an appropriate
18
     investigation through well-established, existing
19
     investigatory protocol is contrary to sound government and
20
     procedural justice safeguards; is that correct?
2.1
                    I mean, I want to even start before. All
22
     I -- I wholly disagree with all of the content.
23
     commissioner provided commentary -- yes.
24
     Commissioner Frenchko provided commentary in connection
25
     with reading of -- suggesting a factual basis exists.

Yeah. There was a factual basis. In fact -- in fact, the jail has been cited by the -- I think it's called the facilities inspection commission or something. I can't remember what the name of the agency -- the state where they do the inspection, and they found that, in fact, there were such problems as this that were investigated by the state facility were found to be substantiated, not just in this case, but overall. There are people who are being denied medical treatment, and that is -- that has been a customary process. They -- they lose requests that are -- because they're obviously in jail. They're not writing things. There are a ton of problems in that jail, and when you've got the fox quarding the henhouse, that's how things get swept under the rug. And I'm very thankful that this -- that this happened because then there were probably about 30 other cases that came to light that were reported to the state as a result of one person, namely me, bringing up someone's concern which opened the floodgate to many other complaints that were substantiated, in part or in full, by the state. Okay. So -- and thank you. I think you 0. provided a lot of information there, and I'll attempt to address them one by one. As you sit here today, do you have any reason to believe that this specific inmate

     investigation referenced in this letter uncovered any
 2
     improper activities by the Trumbull County Sheriff's
 3
     Office in interacting with that inmate?
 4
                    MR. BETRAS: Objection. Go ahead and
 5
     answer.
 6
                    I believe, yes, the treatment was delayed.
     Α.
 7
     The complaints were dismissed. They don't have proper
 8
     staff in the jail that are even -- medical staff.
 9
     were told that people are nurses who are not nurses.
10
     They don't do proper assessments or evaluations.
11
     has been so much wrong with that system over there that
12
     they're actually taking some corrective action as a
13
     result of this.
14
                   And just so that I understand, Commissioner,
     Q.
15
     are you aware of any specific inmate where there's been
16
     investigation and found that that inmate did not receive
17
     proper medical care in the jail?
18
                    There are -- I don't remember everything
     Α.
19
     that I have read, but I have read some documents from
20
     the state that indicated that there were -- was improper
2.1
     treatment because of delayed responses to needs, and
22
     they are taking corrective action.
23
                    Okay. And my question's going to be with
     Q.
24
     respect to this specific inmate that was the issue of your
25
     reading the letter from the mom and the sheriff's
```

```
1
     response. Are you aware of anything with respect to this
     specific inmate?
 2
                    I don't remember the -- I know that this
 3
     Α.
     was sent as a complaint to the state, and I do -- I
 4
 5
     can't remember the outcome of it. I mean, I could --
 6
                    As you sit here today, are you able to tell
     0.
 7
     me the name of any specific inmate who did not receive
 8
     appropriate medical care in the Trumbull County Jail, to
 9
     your knowledge?
10
     Α.
                    I don't have the names.
                                             There was at
11
     least 30 of them, though.
12
                    And do you have that information somewhere?
     Q.
13
                    I forwarded it to someone, all of the
14
     complaints, and that's what -- that's what prompted the
15
     state to start looking hard at our county. It's also
16
     what prompted them to go out for bid instead of passing
17
     the contract off; however, they did rig it up in a
18
     fashion to where it would still go to the same person,
19
     because that's what Trumbull County does.
20
     0.
                    I'm sorry, Commissioner. Who do you
2.1
     communicate with at the state regarding your concerns
22
     about the Trumbull County Jail?
23
                    I don't remember the name of the person
     Α.
24
     who receives all of the complaints, but there's someone
25
     else who has sent all of the complaints in.
```

```
1
                    Have you spoken to anyone with the state
     Q.
 2
     regarding their investigation and their findings?
 3
     Α.
                         I just get copies of the outcome.
 4
                    And you referenced a rigged bidding process.
     0.
 5
     I would like you to explain what that is to me.
 6
                    Well, the first -- so many years that I
     Α.
 7
     took office -- before I took office, they had -- the
 8
     contract was automatically renewed for Dr. Malvasi just
 9
     like it was automatically renewed for Fred Alberini.
10
     There are certain people who just are on auto renewal
11
     for their contracts, and this doctor, in particular, was
12
     one of them; and our procedure, which I had us adopt,
13
     was to go out to bid or do a request for qualifications,
14
     and just recently as a result of all of this the jail
15
     contract doubled because they said that they were
16
     addressing some of the concerns, which meant that they
17
     had inadequate staff.
18
          And so when I met with Major Mason, who's the jail
19
     administrator, he acknowledged that the reason why the
20
     cost doubled for the services is because they are
2.1
     addressing the concerns that I had, so -- and that were
22
     being reported by inmates and by inmates' families.
23
          So this last time they actually did a request for
24
     qualifications instead of passing the job off and the
25
     contract to the same person.
                                    This last time in the
```

```
1
     bidding paperwork they said that they would only
 2
     consider -- they made it a requirement that -- or it was
 3
     a request for qualifications. They made it a
 4
     requirement the person only have experience as a -- as a
 5
     jail -- administering a jail in order for them to be --
 6
     as a requisite for them to bid on it.
 7
          Knowing that he's the only person around here
 8
     that's done that, it would automatically still be given
 9
     to him, and so opening up and casting a broad net would
10
     mean that you would not put phrases in that would cause
11
     you to still pass the contract off to the same person,
12
     so I believe -- I know that that's what happened.
13
                   And so -- and I guess I just -- when you use
     Ο.
14
     a term like rigged, are you saying that there's some sort
15
     of criminal element to who was retained to conduct medical
16
     services for the jail?
17
                   MR. BETRAS: Objection.

     person year after year with increases. You cannot not
20
     do a request for qualifications.
                                        I believe that it was
21
     legally wrong to continue to pass off a contract -- when
22
     you renew a contract, then that means it's renewed
23
     without changing the terms, but we -- what they were
24
     doing was renewing the contract for the same person
25
     without -- and changing the terms, changing the payment

absolutely shady. It's absolutely unlawful, and they
finally addressed it once I brought it up.
              I'm sorry, Commissioner. I just want to
Q.
understand, what is unlawful about renewing the contract
of jail medical without opening up to the greater
community? And I'm just saying that because that's what
you told me was happening. What is unlawful about that?
Α.
              They were renewing it -- okay.
                                              So you
have to look at the contract, and if it allows for an
escalation -- if they're giving more -- if they're
changing a contract, they're not renewing it. They're
just handing it away, and it was not being extended.
was being given to someone without a proper procurement
process. Procurement requires a new request for
qualifications. You do not renew a contract where the
terms have changed, and that's the kind of thing that
they do in Trumbull County is continue to hand off
someone a contract without doing a proper procurement
process.
              Did you take this issue to the Trumbull
0.
County Prosecutor's Office?
Α.
              I have -- when that was going on, I took
it to the Trumbull County Prosecutor's Office.
                                                They
```

```
1
     said that it's -- and the Trumbull County Prosecutor's
 2
     Office gave recommendations and recommended that certain
 3
     things be changed in the contract before they renewed
 4
     it, but Frank and Mauro renewed it anyway, yeah.
 5
     Q.
                    And --
 6
                    At a public meeting, yeah.
                                                There was
     Α.
 7
     discussion over it. I brought it up. Those are the
 8
     reasons they don't like me, sir.
 9
                    So with whom did you consult at the Trumbull
     0.
10
     County Prosecutor's Office regarding the bidding process
11
     for jail medical?
12
     Α.
                    Bill Danso.
13
                    And did you receive any written
     Ο.
14
     communication from Mr. Danso regarding appropriately
     carrying out the bidding process?
15
16
                    So there were concerns that I brought to
17
     his attention, but the appropriate bidding process is
18
     something that I believe that I addressed with a
19
     resolution; but, again, the county doesn't follow even
20
     the resolutions that we make as it relates to ranking --
2.1
     ranking prospective bidders, as it relates to anything.
22
     They do what they want to do, and they want it to fly
23
     under the radar, much of what they do, and I'm the
24
     obstacle. I am the obstacle for them doing things
25
     improperly and --
```

```
1
                    And I understand your position,
     Q.
 2
     Commissioner. I appreciate you sharing your thoughts.
 3
     question is more specific.
 4
     Α.
                    Those are facts.
                                      I'm sorrv.
 5
                    Well, I don't know that I'm going to agree
     Q.
 6
     with that, but I appreciate you sharing your thoughts with
 7
     me.
 8
                    Would you like specific examples so that
     Α.
 9
     vou could --
10
     Q.
                    No, Commissioner. If you let me finish.
11
     would like to know whether you have anything in writing
12
     from the Trumbull County Prosecutor's Office regarding the
13
     bidding process that you just referenced with respect to
14
     jail medical?
15
                    Well, they sent something to the board of
16
     commissioners -- the prosecutor's office sent something
17
     related to the contract and that they wanted some
18
     certain things to be changed in the contract.
19
     procurement process they -- I don't know if that was --
20
     I don't recall if that was addressed in the letter, but
2.1
     we should have procured -- I mean, just this week on the
22
     agenda they did something in procurement wrong. They
23
     have to rescind the two things from last week that I
24
     told them not to do the week before.
25
          Just earlier this year there were probably 15
```

```
1
     things on one agenda that were done and procured wrong,
 2
     and then after the fact I had them correct it because
 3
     they had to be told, because they don't listen to me.
 4
     They want things to fly under the radar. There is
 5
     another bid. They had preaward contact where someone
 6
     was trying to pass off a --
 7
                    Commissioner Frenchko.
     Q.
 8
                    -- for $120,000 more than --
     Α.
 9
                    Commissioner.
     0.
10
     Α.
                    And it was a preaward contract.
                                                      I had
11
     that rejected and rebid.
12
                    I don't want to interrupt you, Commissioner,
     Q.
13
     but I do think we're getting off on a tangent.
14
     Α.
                    Okay.
15
                    I appreciate you sharing with me on the
     Q.
16
     record your concerns, but --
17
     Α.
                    Yeah, it happens on a regular basis.
18
                    I would like to move on to just this letter
     Q.
19
     that we've marked as Defendant's Exhibit A, and just go
20
     through it again and share other areas where you think or
2.1
     you believe that it's inaccurate.
22
                    Saying that providing commentary is not
     Α.
23
     appropriate, that the public presentation prior to
24
     initiating an investigation is appropriate. Can you use
25
     yellow, please? The blue is distracting.
                                                  It's hard for
```

 2
                   MS. SUDHOFF: I'll do my best.
 3

                    I can't see with blue. When you do that
     it like --
 4
 5
                   MR. DOWNEY:
                                 There you go.
 6
     Α.
                    That's better.
                                    Such a public
 7
     presentation. No, I believe it's extremely appropriate.
 8
     That's what I got elected to do is to bring things up
 9
     and talk about them in public and to address things that
10
     have been ignored for decades. That's what I got
11
     elected to do, and that's what I was doing. I am not an
12
     employee of the sheriff. I am not required to follow --
13
     to file a complaint within their entity. I am a
14
     separate elected official with my own voice, my own
15
     platform and my own seat on the commissioner --
16
                    Commissioner Frenchko, and I appreciate
17
     that, and why don't we do it this way, if it makes sense.
18
     Is there anything in this letter that you agree with?
19
                   MR. BETRAS: Just read it to yourself,
20
     Niki.
2.1
                    THE WITNESS: Okay.
22
                    I did in fact read it publicly without
23
     having an internal investigation. I mean, you want me
24
     to go through, seriously, and itemize every single
25
     sentence and phrase?
```

```
1
                   Actually, what I wanted to do initially,
     Q.
 2
     Commissioner, was just get your take on whether there's
 3
     anything in the letter that you agreed with or disagreed
 4
     with. We put it on the screen so you can read it and
 5
     refamiliarize yourself with it, and I tried a couple
 6
     different ways to sort of understand your views of the
 7
     letter.
 8
          I guess if there's anything that you read in the
 9
     letter that you agree with, great. You just shared one
10
     of them with me. However you want to do it, agree with
11
     it, disagree with it, doesn't matter. I would just like
12
     to know if there's anything in the letter that you read
13
     it and say, yeah, that's right.
14
                    Well, I can't even scroll this, and I'd
     Α.
     like to be able to do that. And, I mean, you're talking
15
16
     about facts versus conjecture and --
17
     Q.
                    I actually -- not to disagree with you, but

     letter.
20
     Α.
                    Okay.
21

would love to get to this part, if you scroll up. really shows dishonesty. Where does it -- I remember it. This is the one part that I remember. He quoted an inmate as saying that the sheriff was doing a good job and cut off the quote where the rest of it is for himself, but not for us. So that just suggests a level of dishonesty at the sheriff's department that they would take a little snippet of a quote to try to color themselves in a favorable light, and that's just kind of -- the sheriff is doing a great job. That is just a The rest of it said for himself, but not for us, I believe, something to that effect, to the best of my recollection. So this whole letter is that defensive, and -- because he was embarrassed for things being brought to light that have typically been ignored by political allies of his. The customary thing to do, according to how they operate there, is to go make a phone call, sweep it under the rug and protect each other's reputations, and since I don't fit into that and I do what I was elected to do, then they have no ability to control me except to try to arrest me and silence me in other ways, and you can see their level of dishonesty.                     I'm sorry. I find your question
```

```
1
     confusing.
 2
                    Okay. I'll try again. Is it fair to say
     Q.
 3
     that you don't want to share information with the public
 4
     through your commissioner responsibilities that's
 5
     inaccurate?
 6
                    I don't think our board should be sharing
     Α.
 7
     anything that's inaccurate, which is one of the reasons
 8
     I wanted to try to stop this letter. I already read it,
 9
     and I --
10
     Q.
                    I appreciate your response, Commissioner,
11
     and I don't mean to cut you off, but I am going to say
12
     specific to you. I want to make sure it's with respect to
13
     you. You yourself as a board member, as an elected
14
     official in Trumbull County, Ohio, is it fair to say that
15
     you yourself do not wish to share anything with the
16
     electorate that is inaccurate in carrying out your duties?
                    I don't necessarily -- I think that that's
17
     Α.
18
     very black and white, and sometimes when people have
19
     concerns, they need to be brought up. I mean, just for
20
     example, there was a concern about a waterline, and one
2.1
     of the people who signed the petitions wasn't the owner
22
     of the property, and there was some debates surrounding
23
     whether or not a land -- I know that a land contract
24
     buyer shouldn't have signed it, but -- but the
25
     department head thought that it was okay, you know.

Should I -- you're -- what you're saying would suggest
that I should never bring anything up that comes to my
attention unless there's been a full investigation of
the matter, and that's why we bring things up is to
highlight concerns and debates and things that are going
on in the county.
     So I think that I'm unable to answer such a
distinctly black and white question, because a lot of
things are concerns or complaints -- and look at the
board. Look at this letter. There's so many -- so many
things that are inaccurate. The public needs to know
all of it. Whether -- whatever the concerns are.
              So accepting your premise that -- and I
Ο.
think, and I don't want to put words in your mouth,
Commissioner Frenchko, but you're saying, in the course of
your duties, inaccurate information may be disseminated in
the public by a board member who's doing their job; is
that correct?
              In the course of doing your duties,
Α.
sometimes inaccurate information that has been passed
along to the commissioners might be shared. That's an
accurate statement.
              And would you agree with me that part of
Q.
your role is attempting to be accurate in carrying out
your duties and interacting with the members of the public
```

```
and providing information to them?
 1
 2
                    That's an accurate statement.
     Α.
 3
                    And have you ever found that you shared
     Q.
 4
     information with the public during the course of your
 5
     duties as a Trumbull County Commissioner that you have
 6
     since learned to be inaccurate?
 7
                    I don't recall everything that I discuss.
     Α.
 8
     0.
                    Have you ever felt the need to correct the
 9
     record regarding something that you said in the course of
10
     carrying out your duties as a Trumbull County Commissioner
11
     where you had said something that you learned later was
12
     inaccurate?
13
                    There was one time I mentioned -- there
     Α.
14
     was -- yes, yes. The answer is yes.
15
     Q.
                    And can you tell me about that time you were
16
     just about to?
17
     Α.
                    I know that our -- we have a lot of
18
     friends and family hires in Trumbull County, and there
19
     was an employee who was getting a promotion who was
20
     saying to other people in the public that he was Mauro's
2.1
     cousin, and Mauro was adamant or something that it
22
     wasn't his cousin and came and talked to me, and I
23
     apologized. I did apologize for being -- in that case
24
     it wasn't a family member. It was just someone who
25
     called him cousin.
```

```
1
     Q.
                    Thank you. Any others that come to mind?
 2
                    I don't -- I don't know. That just came
     Α.
 3
     to my mind because he was kind of like, oh, you're
     apologizing. I said, yeah, I mean -- so --
 4
 5
                    And we're going to go back to July 7th.
     Q.
                                                              Ι
 6
     know we've been off on a tangent for a bit, but I want to
 7
     go back to the July 7th, Commissioner, and ask
 8
     specifically if you observed either of the other
 9
     commissioners on that day seek to have you arrested?
10
     Α.
                    Pardon me? That I observed any of them on
11
     that day seek to have me arrested?
12
                    Correct. The day that you were arrested on
     Q.
13
     July 7th, 2022, did either of the commissioners that you
14
     served with seek to have you arrested that day, to your
15
     knowledge?
16
     Α.
                    Yes.
17
     Q.
                    And tell me how you've come to that
18
     conclusion.
19
                    Well, they were reviewing the code that
     Α.
20
     related to arresting people at public meetings.
2.1
     statute, they were reviewing that, and who --
22
                    Who's they, Commissioner, if you would?
     Q.
23
                    The other commissioners and the clerk.
     Α.
24
                    And when you say they were reviewing it,
     Q.
25
     please tell me exactly what you observed and the timing
```

```
1
     and all that.
 2
                    Are you talking about on that day
     Α.
 3
     particularly?
 4
                    Yeah. I'm talking about July 7th, 2022, the
     Ο.
 5
     day that you were arrested.
 6
     Α.
                    Yeah.
                           I saw -- I heard Frank and Mauro --
 7
     Mauro on multiple occasions was talking about being
 8
     disruptive, being disruptive, you can be removed for
 9
     being disruptive or something like that, and then Frank
10
     was saying, are you going to apologize? Are you going
11
     to apologize? Or something to that effect, and saying
12
     that -- and then he called for my arrest. I mean --
1.3
                    Specifically, who called for your arrest?
     Q.
14
                    I believe it was Frank.
     Α.
15
                   And what specifically do you believe he said
     Q.
16
     that day?
17
     Α.
                    He called out the deputy's name, and the
18
     deputy came to arrest me.
19
                   And this is -- I'd really like you to search
     Q.
20
     your memory on this, if you would, Commissioner.
21
     specific words do you believe Commissioner Fuda uttered to
22
     lead to your arrest that day?
23
                    Wix.
     Α.
24
     Q.
                    I'm sorry. Is that the only word?
25
     Α.
                    Well, that and the totality of the
```

```
circumstances, but, yeah, the actual call for my arrest
 1
 2
     was -- I think that those were signals that it was time
 3
     to arrest me based on the text messaging and everything
 4
     that was planned among the other -- among the sheriffs
 5
     and the deleted evidence that's been destroyed, I can
 6
     say that there was communication among them.
 7
     saw the deputy -- it was odd to have a deputy in the
 8
     room, and then I saw Mauro texting and him texting in
 9
     the back of the room, and I thought it was a little odd,
10
     but, you know, the county is a little odd; and then --
11
                    Just so I understand, Commissioner, it's
     0.
12
     your testimony today that Commissioner Fuda uttered the
13
     word Wix?
14
                   Uh-huh.
     Α.
                   And other than uttering that word, was there
15
     Q.
16
     anything else that Commissioner Fuda uttered that day that
17
     you believe led to your arrest?
18
                                        I believe -- I already
     Α.
                    They were -- yeah.
19
     said this. I believe that he was giving me an
20
     opportunity to apologize. Are you -- he was asking me
2.1
     several times if I was going to apologize. Are you
22
     going to apologize? We heard Mauro Cantalamessa
23
     continuously using the words disrupting, disrupting,
24
     disrupting. I believe it was two times minimally, maybe
25
             They don't use that language. That's the first
     three.
```

```
1
     time they've ever used that language in a meeting.
 2
          Usually they just -- you've seen the meetings, or
 3
     maybe you haven't, but that's the first time they've
     ever started going into disruptive language, and they
 4
 5
     were all -- they all had that statute that they had
 6
     reviewed. It was on the clerk's desk.
 7
                    Just so I understand, Commissioner, are you
     Q.
 8
     saying that that statute was on the clerk's desk that day?
 9
                         About a month before that, I think it
                   No.
     Α.
10
           Not -- to the best of my recollection, about a
11
     month before that I saw it on her desk. Maybe a few
12
     weeks.
13
     Ο.
                    Did you observe that statute on anyone
14
     else's desk that particular day?
15
                    No, not on that day.
     Α.
16
                    Did you ever hear either Commissioner
     Ο.
17
     Cantalamessa or Commissioner Fuda utter the words arrest
18
     Commissioner Frenchko or words to that effect?
19
                   Words to that effect. You can be -- and
     Α.
20
     don't hold me to it. This is a paraphrase, to the best
2.1
     of my recollection. I believe Mauro Cantalamessa said
22
     you can be removed for disrupting a meeting, and then I
23
     was immediately arrested.
24
     Q.
                   How much time elapsed between -- this is
25
     according to your recollection -- between Commissioner
```

```
1
     Cantalamessa making that statement and you being arrested?
 2
                    About a few minutes, maybe.
                                                  I don't know.
 3
     I can't really remember, because it was like not a -- I
 4
     mean, I remember, but it's -- it was -- I don't know how
 5
     much time elapsed. I remember him saying it before they
 6
     led me out of the room, so Mauro said you can be -- what
 7
     I just said he said. You know you could be -- whatever
 8
     I just said is what I believe he said. You know you can
 9
     be removed for disrupting a meeting. Right after Frank
10
     said Wix and called the deputy up, and then I was led
11
     out into the hallway and arrested in the hallway.
12
                    The officers that interacted with you at the
     Q.
13
     time you were arrested, did they treat you in a respectful
14
     manner?
15
                    I don't believe so, no.
                                              The one in
     Α.
16
     particular was absolutely not respectful.
17
     Q.
                    In what respect?
18
     Α.
                    He pulled the chair out from behind me.
19
                    Did you fall down?
     Q.
20
     Α.
                    No.
2.1
     Q.
                    Did you stand up?
22
     Α.
                    Yeah.
23
                    When they asked you to -- and go ahead and
     Q.
24
     tell me exactly what happened, Commissioner, if you would,
25
     at the time of your arrest.
```

```
1
                    I was responding to the letter.
                                                      They were
     Α.
 2
     demanding that -- the other commissioner, Frank Fuda,
 3
     was demanding that I apologize. I seem to remember the
     officer starting to move, like they knew it was coming.
 4
 5
     At some point I think I started to go on to another
 6
     topic because they wanted me -- there was some comments
     about you can't talk badly about the top law enforcement
 7
 8
     officer in Trumbull County or something like that.
 9
     believe Mauro said something about you can't criticize
10
     the top law enforcement officer in the county, and
11
     that's a paraphrase.
12
                    And you believe that occurred at the time
     Q.
13
     you were being arrested?
14
                           While he was responding to the
     Α.
                    Yeah.
15
     letter, and that's whenever people were starting to move
16
     about the room to come up and arrest me.
17
     Q.
                    I understand that you live stream the
18
     commissioner's meetings; is that correct?
19
     Α.
                    Yeah.
20
     Q.
                    Were you live streaming that day?
2.1
     Α.
                    Yes.
22
                    And did you cooperate with the police
     Q.
23
     officers when you were arrested?
24
     Α.
                    I think I did.
25
     Q.
                    And did you follow -- my understanding is,
```

```
Commissioner, that you were taken over to the Trumbull
 1
 2
     County Sheriff's Office; is that right?
 3
     Α.
                   That's right.
 4
                   Would you just tell me what happened after
     Ο.
 5
     the time that you were arrested and describe it to me what
 6
     occurred. Placed in handcuffs? Did you walk under your
 7
     own power? Did you walk across the street? Were you
 8
     transported? Just tell me what happened, if you would.
 9
                   He pulled the chair from behind me. I
     Α.
10
     thought they were joking. It was shocking, but I
11
     remember him jarring the chair. They told me to stand
12
          They didn't tell me why. They didn't tell me I was
13
     under arrest. They just took me out without me knowing
14
     why I was even being taken out of my own meeting. They
15
     took me into the hallway, and he said something about --
16
     I don't know -- I can't remember exactly what he said.
17
     I remember him saying, are we going to do this? Are we
18
     going to do this? To the other deputy, like, are we
19
     really going to do this?
20
     0.
                   If you could, Commissioner, do you know
2.1
     which deputy said what?
22
                    I think it was Wix. I think it was Wix,
     Α.
23
     because he was, like, the driving force. Ross was not
24
     as disrespectful and appeared to have some remorse, but
25
     Wix was very -- like, he was on a mission. Like, he
```

```
was -- this is what I'm doing for the day. I could tell
 1
 2
     from back in the hearing room that there was something
 3
     going on when he was called. I mean, I think there
     were -- I think he's a road deputy. It was just odd.
 4
 5
     I've never seen these guys in our building before. None
 6
     of them worked on public meetings, and they both show up
 7
     and decided that they were going to arrest me under a
 8
     code that was sitting on my clerk's desk a couple weeks
 9
     prior and were called up by name by a commissioner that
10
     had never -- I'd never seen him in the building.
     didn't know they knew each other.
11
12
                   So it would be fair to say --
     Q.
13
                   The language about being disruptive, it
14
     was like organized. It was --
15
                   Commissioner Frenchko, if I could -- and I
     Q.
16
     understand your position, which is contained in the
17
     complaint, and I appreciate your testimony today regarding
18
     your thoughts about what occurred. Specifically, I would
19
     like to know how you got from the courthouse over to the
20
     sheriff's office, what occurred when you got there.
2.1
     specifically. And if you remember what people said to you
22
     during that time frame, I would like to hear that, but if
23
     you would, just tell me in order -- you got up from your
24
     chair. I think you went to another room. I understand
25
     you may have been handcuffed. If you would, just explain
```

```
1
     that to me.
 2
     Α.
                    Yeah.
                           I --
 3
                   MR. BETRAS: What part are you asking her
 4
     to explain now? I'm clearly confused myself.
 5
     paragraph are we on?
 6
                    MR. DOWNEY: What happened when she was
 7
     arrested and where she went, David. If Commissioner
 8
     Frenchko would like to take a break, get her thoughts
 9
     together, I'm fine with that.
10
                   MR. BETRAS: We're off the letter and now
11
     you're asking her -- we can take the letter down then,
12
     right?
13
                   MR. DOWNEY: We did. At least we tried
14
     to.
15
                   MS. SUDHOFF: We have not.
16
                   MR. DOWNEY: Let's go off the record for a
17
     second.
18
                          (Off the record.)
19
                   MR. DOWNEY: Just so the record is clear,
20
     Counsel has discussed stopping the deposition today in
2.1
     light of an issue that Commissioner Frenchko had. We've
22
     agreed to reconvene the deposition in the future as we
23
     are going to do so anyway with respect to damages and
24
     potentially going over medical records, and so I am
25
     agreeing to stop the deposition at this moment.
```

```
1
          It has also been agreed that Mr. Yosowitz will have
 2
     the opportunity to authenticate the video of the
 3
     July 7th, 2022, commissioner's meeting, and I believe
 4
     that all counsel are in agreement with proceeding in
 5
     this manner. Have I accurately reflected our agreement,
 6
     Mr. Betras?
 7
                   MR. BETRAS: You have.
 8
                   MR. DOWNEY: Mr. Yosowitz?
 9
                   MR. YOSOWITZ: Yes.
10
                   MR. DOWNEY: So I will stop my questioning
11
     today with the understanding that I will pick back up
     when we schedule another date. Mr. Yosowitz will move
12
13
     forward with authenticating the video exhibit.
14
                   MR. YOSOWITZ: Thank you.
15
     CROSS EXAMINATION
16
     BY MR. YOSOWITZ:
17
     Q.
                   Ms. Frenchko, can you hear me?
18
     Α.
                   Yes.
19
                    Okay. My name's Andrew Yosowitz.
     Q.
20
     represent Deputies Wix and Ross. Just a few questions for
2.1
     you about the video, and then we'll adjourn the deposition
22
     for today. You used your cell phone to record the
23
     Trumbull County Commissioner's meeting on July 7th, 2022,
24
     correct?
                    I used Facebook Live, my video -- I didn't
25
     Α.
```

```
use my -- it was my -- it was on my cell phone, but it
 1
 2
     was a video.
                    It wasn't -- I'm sorry. I'm probably
 3
     confusing that.
                    MR. BETRAS: Andrew, I don't mean to
 4
 5
     interject.
                 I think what she's trying to say -- I'm not
 6
     trying to testify for her -- is you're asking her if she
 7
     recorded it. It was a Facebook Live, so I don't know if
 8
     that records on your phone or not. I think that's what
 9
     she's referring to. She was Facebook Live-ing, and I
10
     don't know -- and I don't even know this technology.
11
     don't know if that records on the phone or not.
12
     couldn't tell you. Is that what you were getting at?
13
                    Yes. I'm sorry. I wasn't very clear.
     Α.
14
     Should I try to explain?
15
                    I'll rephrase the question.
     Q.
16
     Α.
                    Okay.
17
     Q.
                    You used your cell phone to create a video
18
     recording on Facebook Live of the Trumbull County
19
     Commissioner's meeting dated July 7th, 2022, correct?
20
     Α.
                    Yes.
2.1
     Ο.
                    And you posted the Facebook Live recording
     of the July 7th, 2022, Trumbull County Commissioner's
22
23
     meeting to your Niki Frenchko Facebook page, correct?
24
     Α.
                    Yes.
25
                    And that Facebook page is found at
     Q.
```

```
1
     www.facebook.com/niki.frenchko, correct?
 2
                    I think so.
     Α.
 3
                   And the recording of the -- or the Facebook
     Q.
     Live recording of the July 7, 2022, Trumbull County
 4
 5
     Commissioner's meeting is still on your Niki Frenchko
 6
     Facebook page, correct?
 7
     Α.
                   Yes.
 8
                   And the Facebook Live recording of the
     0.
 9
     July 7th, 2022, commissioner's meeting starts with the
10
     pledge of allegiance at the beginning of the meeting and
11
     ends with your arrest, correct?
12
                    To the best of my recollection, that's how
     Α.
13
                  I remember it ending with my arrest, but I
     it started.
14
     don't remember the beginning, but you're probably right.
15
                   And would you agree that your Facebook Live
     Q.
16
     recording of the July 7th, 2022, Trumbull County
17
     Commissioner's meeting is a true and accurate depiction of
18
     the meeting and your arrest?
19
                    I would agree that everything on the video
     Α.
20
     is accurate and has not been edited or altered. I don't
21
     even know if it's possible. I don't think it's possible
22
     to do that. So everything that is there is correct,
23
     from that perspective. I mean, there's other recording
24
     things in the room. So from the perspective of the app
25
     that was used, it's correct, to the best of my
```

```
1
     knowledge.
 2
                   Totally understand that.
     Q.
 3
                   MR. YOSOWITZ: That's all I have for now.
                   MR. BETRAS: Okay. Let's adjourn this and
 4
 5
     then we'll work out that protective order, and then
 6
     we'll reschedule Niki's deposition. I'm assuming
 7
     there's going to be a lot of questions about her medical
 8
     records and stuff like that, and I just don't feel
 9
     comfortable. She wants to power through it. Just her
10
     answering that question, I can see she's --
11
                   MR. DOWNEY: We're fine to reschedule.
12
     have another event we need to get into as well, which
13
     we'll just do at the next one. To make matters maybe a
14
     little easier, Andrew, if you want, the parties can
15
     stipulate to the authenticity of the video. We all need
16
     it, so -- and if you want to just send out the video, I
17
     think that's something we can tie off with a stipulation
18
     as well, to the extent that we didn't play it for her
19
     today, if that makes sense, David.
20
                   MR. BETRAS: Yeah. I think Andrew wanted
2.1
     to make sure she didn't doctor it in any way.
22
     that's where he was going with it. I don't know.
23
     not in Andrew's head. I can barely be in my own head.
24
     I'm assuming that that's what he did, that she didn't
25
     doctor it or do anything to it. She recorded it.
```

```
1
                   MR. DOWNEY: I don't want to get in your
 2
     head, David.
                   Okay.
 3
                   MR. YOSOWITZ: We can handle this amongst
 4
     counsel.
               It should be an easy stipulation. I'm happy
 5
     to play the video for her right now. It's about 50
 6
     minutes long.
 7
                   MR. DOWNEY: I think we stipulated to
 8
     that.
 9
                    THE WITNESS: It's okay. We can do that.
10
                   MR. BETRAS: Niki --
11
                    THE WITNESS: Does it take away from the
12
     seven hours that they're permitted to have me?
13
                   MR. DOWNEY: We'll do it through a
14
     stipulation, David. We'll send you the video. Thank
15
     you, Commissioner Frenchko. Jodie, I think we're done
16
     for today, and I think we're going to be on the phone
17
     with court in two hours, so I'll talk to you then,
18
     David.
19
                   MR. BETRAS: We want to read it.
